

MARKUS VARESVUO

professional bird photographer since 2005
founding member of the www.birdphoto.fi
bird photography since 1988
MSc Economics 1987, born in Helsinki in 1960

"I'm a professional wildlife photographer, specialized in birds of the Western Palearctic, especially in my native north. I photograph only wild animals in natural light; with the aim to cover the species extensively, in their habitats, busy in action, posing in portraits. Winter and action are my favourite themes."
